

PRESS RELEASE

15 july 2024,

Purpose : Acquisition by COFIDUR of SEICO.

We are pleased to inform you that the COFIDUR Group has just finalised the acquisition of SEICO.

This transaction, part of the Group's AMBITIONS 2025 strategic plan, marks an important step in our development.

SEICO brings to the Group its ability to develop and manufacture prototypes, small series and tooling/test benches more rapidly.

COFIDUR brings SEICO its investment and purchasing capacity, as well as its technical expertise in complex processes.

This new industrial set-up, combining SEICO's agility with COFIDUR's robustness, will enable us to position ourselves as a major player in electronics subcontracting, with a workforce of over 500 and sales of €100m.

The SEICO site in Malville will be managed by Hervé OLRÉY, who will retain his strategic functions within the COFIDUR group.

The management team is consolidating the new high added-value offering for our customers and working on the construction of the 2030 strategic plan.

We will be happy to answer any questions you may have and provide you with further details on how this acquisition will benefit our company.

Laurent DUPOIRON
Chairman
COFIDUR Group
